Letter of Recommendation for Allan Mutrie

March 17, 2009

Superlatives are often misused when recommending a person. At times we are guilty of exaggerating the true image of a person. My recommendation of Allan Mutrie as a candidate for a teaching position will include many superlatives and they will reflect my honest appraisal of this fine teacher and coach.

It has been my pleasure to know Allan these past years as a coach for the Webster Central School District. He makes everybody that comes in contact with him from student, peer, administrator, and community, better for that experience. He goes that extra mile to make those experiences positive for all. Allan teaches to the whole child, doing whatever is needed to make that student successful. His lessons are full of differentiation, realizing everybody can learn, but in different ways.

Allan is a very caring and sharing person; he works very hard with his students in the classroom. He is interested in their development for a lifetime. It is not unusual for players to come back after the season to visit with coach and to thank him for everything.

Allan has the ability to guide his students to strive for individual bests that satisfy themselves and Mr. Mutrie, they don't want to disappoint him. As you can see, I believe very strongly in Allan Mutrie's ability to teach. Allan is a special young man and I am honored to write this letter on his behalf, he will make an excellent educator for your district.

Sincerely,

Scott Morrison
